THURSDAY, APRIL 20

7:00-8:00	Continental Breakfast Hosted in Vendor Room
	Additional Training for All Crafts - Vendor Room
8:00-9:30	Community and Railroad Engagement (CARE) Training All railroads plan for an emergency incident, and practice mitigation responses to recover operations quickly. Caring for the community – your railroad family and the community your railroad serves – should be a critical piece of that plan. Our talk will outline considerations to effectively respond to the impact beyond operations, protecting and prioritizing the Ps - people, prescriptions & pets, and property.- SLSI Team
9:30-9:45	Break Hosted in Vendor Room
9:45-10:30	Keep your train together: Brush up on Freight Car Safety Standards and dive into coupler and draft gear inspection - Mike Goddard, Railway Educational Bureau

Iowa Northern Railway, in partnership with ASLLRA, is bringing their Mobile Technical Training Center to the Outback! Conference attendees will have an opportunity to tour the Training Center and get information on bringing the training to your facility.

The Mobile Technical Training Center can travel anywhere in the continental US and houses two FRA Type II locomotive simulators and classroom space to accommodate up to six students.

The Mobile Technical Training Center will be available in the parking lot of The Lodge at Deadwood each day during the conference.

Thanks for Attending!
